Food that Matters

Vion, trusted partner in meat

Vion is an international producer of meat, meat products and plant based alternatives with production locations in the Netherlands, Germany and Belgium. We have sales support offices in sixteen countries worldwide. Our four Business Units Pork, Beef, Food Service and Retail, provide fresh pork, beef, meat products, plant based alternatives and by-products for retail, foodservice and the meat processing industry.

'Fresh, safe and delicious!'

We supply customers in our home markets of the Netherlands, Germany and Belgium, as well as in other countries all over the world. Our headquarters are located in Boxtel, the Netherlands.

Pork Business Unit:

From our production locations in the Netherlands and Germany, we deliver fresh and frozen pork to:

- National and international retail
- Foodservice
- Processed meat industries

In our plant in Emstek (Germany), we have capabilities to vacuumize fresh meat and label the items individually on the line according to customer requirements.

All capabilities under one roof

Our location in Emstek is Vion's biggest pig production plant in Germany and is completely set up with all processing capabilities, from sourcing to packing and labelling. This allows us to reduce transport time while at the same increase the speed to market.

Vion's vacuum packed products are sold all over the world to companies in different segments, but our labelling capabilities combined with our security of supply, makes us especially attractive for retailers.

All vacuum-packed products are carefully checked before they are individually labelled and boxed

'The meat is carefully handled by a team of well

Our unique vacuum capabilities

Our production location in Emstek (EG11806) has expanded its capacity to provide an answer to the growing demand of vacuum-packed fresh meat. A dedicated team of well-trained specialists work together to produce a wide range of vacuumised products.

The strength of Vion is that we oversee the entire chain, from pig to vacuumised and labelled consumer packages.

End products are cut according to client specifications and can be packed in various forms and dimensions. The label can be specified according to the customer needs and can contain information such as price and weight.

In the table on the right site you will find all information related to the vacuum-packed product. The product pictures on the next slides are for inspiration and can be adjusted to the information in the table to satisfy the market requirements.

-trained specialists to ensure the highest quality'
